

Venture Scouts

Camp Organization

Structure

Monte Ousadia is divided into 8 Countries. Each of these countries (near the Andean mountain range) is divided into 4 Cities and each City is divided into 4 Barrios (North, South, East and West).

Each Barrio will have 2 leaders, and 2 of these will be appointed as “Huarpe Chiefs” and will be in charge of each Country. The accompanying leaders who do not have a role in this structure will be asked to collaborate in the organization of the different activities, thus assuming a major role in the success of our ACANAC. The leaders responsible for each Barrio will accompany all the activities planned for the venture scouts.

Find your address

“Ni Wakati”, “Ni Wakati”, “Ni Wakati” echoed throughout Monte Ousadia (Boldness Mount)

“Ni Wakati”, it is time! It is time, Venture Scouts, for you to know more about Monte Ousadia and to get ready for our big meeting at Aldeia de Ombú (Ombú Village).

Monte Ousadia will be your home from August 1st to August 7th and there is where you will see that the portal, which Vicente talked about, really does work. The portal will allow you to travel to South America. There you'll find me, waiting to guide you in the discovery of fantastic places and of your true self. Everything will be registered in my memory album - the album of Kuntur.

By now you're probably intrigued and asking who am I...

I am the Great Chief, the Lord of the Mountain, and I rule the Huarpes, a small people from South America. Vicente visited us many years ago, and my son Diego introduced him to our people and led him to face our giant - Aconcagua summit.

Like Vicente, you too will be challenged to climb this mountain every day, towards one of the base camps that welcome the climbers who try to reach its top. In each of these camps you will discover new learnings, ancient challenges, and knowledge hidden in the power of magic and old symbols.

While you're with us, you and those who answer our call you'll stay in the Countries located at the foot of the Andean mountain range, and in each Country we will have four

Cities, each one with four Barrios - North/South/East/West.

Together with other Venture Scouts, you will become a Barrio and you will live as a true Huarpe community, sharing life in its splendor. Our 8 Countries will paint Monte Ousadia with blue colors that will be remembered forever and ever.

Are you ready to know your true self?

Are you ready to know who will be part of your Barrio?

Camp Life

Camp life will take place as a Barrio, and it will be up to each Barrio to manage their daily lives (cooking meals, prayer time, shared material to bring, etc.).

In due time, we will coordinate with the “Huarpe Chiefs” and share the contacts of each Company leader. In order to provide a more enriching experience for our venture scouts, when creating the Barrios we divided Scout groups with more than one accompanying leader. This way, Companies from the same Scout group will be separated, but physically close in the camp, i.e., different Barrio but inserted in the same City/Country).

Pioneering/ Constructions

Because we want our jamboree to be as sustainable as possible, we request that all constructions on “Monte Ousadia” comply with criteria for preserving the environment. Wood, sisal and recycled materials should be used; materials that degrade the environment are not allowed.

Mandatory constructions by Barrio:

- Camp gateway that identifies the Companies that make up the Barrio;
- Table for meals;
- Kitchen;
- Praying site
- Recycling bins (for waste) with reusable bags (in charge of each Barrio);

Important:

- It is recommended to use shade nets or awnings.
- Wood for Pioneering will not be provided to Portuguese Companies, so the Barrios must decide before Acanac which material/ supplies for the common area each Company should bring.
- "Monte Ousadia" is terraced and the area provided to each Barrio is approximately 250m². Each terrace has a width between 6 and 8 meters. Each Barrio will occupy only one terrace duly identified and delimited.

What to bring

Individual supplies:

- Reflective vest;
- Uniform;
- Hat/Cap;
- Reusable water bottle/ flask;
- Sunscreen (biodegradable);
- Appropriate footwear for walking;
- Plastic container with lid (aka Tupperware) and cutlery (for meals on the go);
- White t-shirt

For nautical activities:

- Footwear for activities in the water (water shoes or old but light sneakers);
- Swimsuit/swim shorts;
- T-shirt;
- A small backpack for a change of clothes and a water bottle;
- Towel;

For Adventure Camp:

- Clothing and shoes that can get wet and dirty - sneakers, bathing suit, t-shirt;
- A small backpack for a change of clothes and a water bottle.

Company supplies:

- Tents (please be aware that a maximum of 3 tents, including the leader's, is allowed and keep in mind of the characteristics of the camp/terrace)
- Camping and cooking equipment (pay attention to the conditions and expiration date of the stove hose);

- Awnings and/or shade nets;
- Firefighting equipment; fire extinguisher + a bucket you can fill with sand and a small shovel;
- Reusable bags;
- School supplies (pen, pencil, eraser, ruler, protractor);
- First aid kit;
- Compass;
- Scalemeter;
- Company flag/ banner (if you do have one);
- Cutting tools (scissors/x-acto knife);
- Camera/mobile phone;
- Awning to build a shelter for the night you'll spend outside the camp;
- 8 cork stoppers;
- 1 permanent marker (you decide which color);
- Knick knacks for exchanging (e.g. national and international scout souvenirs, handmade key-rings, badges, banners, t-shirts or sweatshirts, mugs, woggles, neckerchiefs... use your imagination!) *With this, we intend to enhance the spirit of sharing and collecting (at a specific moment during Acanac).

Sustainability Challenge

As you know, it's really important to always keep in mind that we're facing several challenges climate-wise; even if we don't realize it, we have an impact on the environment around us, so awareness regarding this issue is really important nowadays. It is everyone's duty to plan our activities considering and preserving environmental, social and economic values.

We really want Acanac to be as sustainable as possible, so we need your help! We'll be more than 5500 Venture Scouts and our ecological footprint will be significant, so we challenge you and your Company to accept these 3 missions, which will allow you to earn carbon credits. We're hoping to offset our ecological footprint and help you and all the Venture Scouts from Monte Ousadia to understand that it's possible to grow in an ecological way.

Will you accept the challenge? We hope so!

For you to join us on this mission, you must send us evidence of the challenges we're presenting to terceira@acanac.pt. Your actions will not only help offsetting our ecological footprint, but they will also be transformed into Acanac points for you and your Company.

1) Citizenship Game

We know you're always paying attention to your surroundings, so you've probably noticed that our streets, sidewalks, forests and woods are invaded by juice boxes, water bottles, papers and, more recently, face masks, making the landscape dirty and sad. We challenge you to create a promotional video or TikTok, with the purpose of raising awareness and encouraging everyone not to litter and use bins to dispose of their garbage. This planet is our home and we are responsible for it!

Will you accept the challenge?

Guidelines:

- The video or TikTok must be short! No longer than 1 minute.
- The whole Company must participate, and always be identified as Venture Scouts!
- Share on social networks with
[#cidadaniaasseada](#) [#pioneirosnocomandoacanac22](#)

2) Clean Game

You're a builder, a young man/woman of action, so it's not enough to show how it's done - you have to do it too. If you lead by example, you'll have a lot more impact. Let's get to business? In this case, let's get it clean... Here's our second challenge. Are you planning any activities with your Company anytime soon? We challenge you to collect the trash you find while, for instance, you're hiking with your Company, or to organize a beach, forest or river (or any place in your town) clean up. If possible, remember to recycle whatever you find!

Guidelines:

- The whole Company must participate, and always be identified as Venture Scouts!
- Make a photo report of the moment;
- Share it on social networks with #jogolimpo #pioneirosnocomandoacanac22

Leave the world a little better than you found it... and make this a habit in all your activities!

3) Venture Scouts in charge

We know you and your Company are aware of the importance of environmental sustainability and taking care of Mother Nature! Surely, you always adopt a sustainable behavior wherever you are.

We challenge you to share a Company check-list, where you list the sustainable behaviors you already adopt or those that you are committed to start practicing. When preparing this check-list, always keep in mind its environmental, economic, and social importance. After you share it with us, we suggest you pin it or post it somewhere, as a mission commitment of your Company.

Guidelines:

- The list should take up a maximum of one A4-sized sheet of paper;
- Share this list on social networks with #pioneirosnocomandoacanac22

Don't forget that in order for your challenges to be validated you need to send us proof (Tiktok link, photo report link and check-list) to terceira@acanac.pt! Good luck in leaving the world a better place!
